## Taalschool Stapsgewijs (summary)

Taalschool Stapsgewijs offers Dutch language classes to refugees and migrants at all language levels (A1, A2, B1, B2, C1) and classes meant to improve the student's fluency. After an intake interview, in which we discuss your wishes and possibilities, and after a placement test, we offer you a course that best fits your needs.

We aim at meeting each student's personal language needs. A lot of attention is paid to speaking and listening.

You are expected to adopt an active attitude in class and to spend a number of hours studying at home each week.

Depending on the course you have followed, you can, if you wish, either sit for the integration exam or for one of the state exams.

A course group consists of 4 to 10 students, all working at the same level.

The lesson times are planned together with the students. The lessons can take place during the day, in the evening or in the weekend.

Lessons are given once or twice a week. Each lesson consists of 2 hours. The costs are €10 per hour plus the costs for the course material.

In an independent survey in 2023, Taalschool Stapsgewijs was rated with the grade 9,5.

Location for the lessons: Taalschool Stapsgewijs, Daslook 20, Twello
